DEATH DEFYING ACT Hundreds Witness Performance Given Monday Afternoon by the Great

Hundreds of people thronging both sides of the street and a good part of the road, breathleasily watched the wire walking performance given Monday afternoon at 5 o'clock by the Great Calvert on Main street. Swaying back

and forth, high in the air, with only a balancing pole for support the wire-walker did all kinds of stunts, death defying to say the least. He walked the wire frontwards and backwards with the greatest of east, sat on it, laid down on it, straddled and then to the amazement of his audience stood on his head for nearly half a minute. Then descending into the trapeze he hung by his feet, his arms and hands hung by his feet, his arms and hands and swung back and forth in the most amazing manner. At the conclusion of his performance he slid to the ground on a rope attached to the wire. The performer made it plain to the Merchants' Week committee that he would not go on the wire unless there were men stationed at each of the barrels to which his guy lines are attached. The committee got in touch tached. The committee got in touch with the officials of the Boston Store and Porteous & Mitchell company and two men from each of the stores were

put on duty at the barrels.

The letter-writing contest has closed and there were fifty-five letters to be considered by the judges. The award will probably be made some time this The wire act will be seen again to-

FOR RHEUMATISM

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; ho sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headachs, colds. rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is wastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a guarter pound of limestone nto the stomach Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your year.

unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.
